The RTO will not recognise partially complete units of competency. For partial completion, the student may apply for recognition of prior learning.

Procedure

There is no cost to apply for National Recognition. Students may apply for National Recognition prior to or at the time of enrolment by completing a credit transfer request form and providing certified copies of authentic statements of attainment and qualifications issued by other RTOs.

The Administration Manager/Academic Manager checks documentation to ensure that:

- The qualifications and units are nationally recognised.
- The qualifications were issued by a training provider that is an RTO, registered on www.training.gov.au
- The documents are certified as true copies (or witness the original document and take a copy), and
- The documentation is authentic. This may include contacting the issuing RTO to verify the authenticity of the documentation provided.

Where national unit of competency codes are stated as attained on a record of result (transcript of successfully completed units of competency) and the same unit of competency is included within the student's enrolment, National Recognition will be granted where units are identical.

The Academic Manager or designated Trainer/Assessor approves the request for credit transfer. This may require the need to check www.training.gov.au to determine if previous versions of the unit of competency are deemed equivalent. (e.g. BSBCUS402 – 'Address customer needs' is superseded and is equivalent to BSBCUS402B)

If credit transfer is being sought for a unit of competence that has a different title or code, then it is necessary to establish the equivalence between the unit held and the unit being sought. If the units are not equivalent, then the applicant should will be referred for Recognition of Prior Learning (RPL).

The Administration Manager notifies the student of the outcome of the National Recognition assessment by advising them in writing of the units attained through National Recognition.

Where the student receiving a credit transfer is an international student holding a student visa the notification letter also includes:

1. The relevant government agencies are informed via PRISMS.
2. The details of the credit outcomes and subsequent change of enrolment
3. If their course duration has been reduced that it may result in a change of their student visa.

The student must notify Student Administration that they accept the outcome of the decision within 20 days of the date of the letter.

Once the student has accepted the credit transfer outcome, the Administration Manager records the outcome of the national recognition process on the individual's electronic file within the Student Management System by entering "CT" against the units of competency granted, and places the signed credit transfer form on the student file.

The applicant can appeal the decision in accordance with the *Policy and Procedure - Complaints and Appeals (CA6.1)*.
